

*the tooth, the whole tooth and nothing but the tooth....*

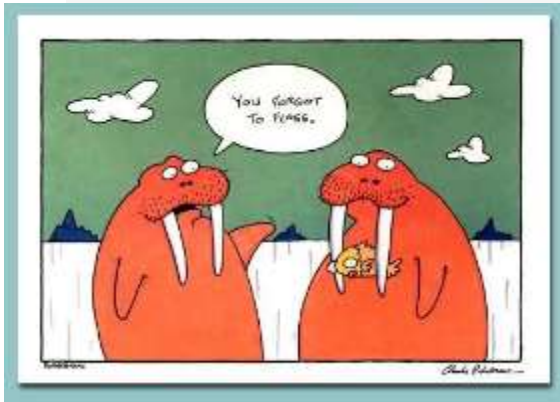

## LIFE DURING COVID

We recognise life has been very difficult for many and we hope that you and your families are safe and keeping well. We are truly thankful for your understanding and patience during these unprecedented times and grateful for your continued support and loyalty to the practice.

As always, our priority is your care and safety. Apart from providing you excellent service, we would like to reassure you that we have re-examined all protocols and procedures to give you the highest level of safety possible. You will therefore notice a number of changes when you have your next appointment:

- When booking appointments, we will carry out a Covid-screening questionnaire
- Before you arrive, please hydrate, brush your teeth and kindly refrain from using the washroom to avoid contact with other patients
- Please bring only what you need to the appointment
- Please arrive a few minutes before your appointment and knock on the door. One of our receptionists will come to welcome you
- Upon entry, we will need to take your temperature and request you to sanitise your hands
- Please kindly wear a face covering if possible
- The waiting room has been re-organised to enable social distancing
- Our team will be wearing extra PPE (protective gear)

## PRACTICE NEWS

**Marcela Basford (Dental Hygienist)** is working longer hours to ensure we are able to meet the increased demand. Hygienists play an important part in dental health care and are mainly concerned with preventive dental health and treating gum disease. For those of you who haven't met Marcela, she is very gentle and patients love going to see her.

We would like to introduce you to **Dr Kunal Shah**, our Practice Principal, who took over the practice in 2018. Being a scholarship recipient, he graduated with Honours from King's College London and won numerous awards. He was also involved in a research project which was published in the Journal of Orofacial Pain.

Before taking over White Oak, Kunal worked for several years in New Romney as an associate as well as a trainer for dental students during their foundation training year.

He is a gentle, caring and talented dentist who is skilled in all aspects of dental care. His passion is to provide a patient centred approach to his work by building a good rapport with them so that they feel completely at ease with any treatment needed.

**Dr David Slaney** will gradually be reducing his working days during the course of this year to spend more time with his family and pursue his other interests. No reason to worry as our other associates Dr Clive & Dr Kunal will always be there to meet all your dental needs with the same level of expertise. **Dr Clive Brazier** is an excellent dentist who is very friendly and has great skills.

Dr Kunal Shah

Lovely ladies at Reception

Dr Clive Brazier  
and nurse Barbara

During this pandemic, things have been tough for all. In spite of the circumstances, it has been incredible to see how people have come together to support one another. We tried to do our bit by supporting communities which were facing challenges.

Over 100 families in Kenya were given a month's food supply and all children present were given a Christmas gift bag.

Thanks to all our patients for giving us the opportunity to be able to share this community spirit.

## stay safe everyone!

## FREE PRIZE DRAW

### We have launched a **FREE** prize draw to win a **HOME WHITENING KIT WORTH £485**

To enter, all you have to do is submit a Google review about the care you have received at the practice, it can be as long or short as you want. To provide a Google review, just do a search for 'White Oak Dental Practice' on Google and it will show an option to write a review. It's as easy as that, so please provide feedback for a chance to win goodies!
